

# GOVERNMENT OF THE REPUBLIC OF LITHUANIA

## RESOLUTION No 937

### ON APPROVAL OF AN INTER-INSTITUTIONAL ACTION PLAN ON DEVELOPMENT COOPERATION

21 September 2016

Vilnius

For the purposes of enhanced inter-institutional coordination of development cooperation, the Government of the Republic of Lithuania has resolved:

1. To approve an Inter-institutional Action Plan on Development Cooperation (annexed hereto).

2. To propose to the Special Investigation Service of the Republic of Lithuania, to municipal authorities and bodies to take part in implementation of the Inter-institutional Action Plan on Development Cooperation, as approved by the present Resolution.

Prime Minister

Algirdas Butkevičius

Minister of Defence,  
Acting Minister of Foreign Affairs

Juozas Olekas

APPROVED BY  
Resolution No 937  
of the Government of the Republic of Lithuania  
of 21 September 2016

## **INTER-INSTITUTIONAL ACTION PLAN ON DEVELOPMENT COOPERATION**

### **CHAPTER I**

#### **GENERAL PROVISIONS**

1. The purpose of the Inter-institutional Action Plan on Development Cooperation (hereinafter, the Plan) is to set development cooperation policy guidelines for 2017-2019 of the Republic of Lithuania (hereinafter, Lithuania) as well as implementation measures thereof, to ensure continuous and efficient development cooperation activities of Lithuania and to coordinate them, to enhance the role of Lithuania as a reliable and responsible donor country in the region, the European Union (hereinafter, the EU), the United Nations (hereinafter, the UN), and other international organisations, the international community, and aid recipient countries.

2. The Plan has been drafted in accordance with the Law on Development Cooperation and Humanitarian Aid of the Republic of Lithuania (hereinafter, the Law), Lithuania's foreign policy priorities, and taking into account relevant strategic documents of the UN and EU, and its international commitments.

3. Lithuania's development cooperation activities, as laid down in the Plan, are aimed to contribute to the achievement of the goals set by the new UN 2030 Agenda for Sustainable Development, adopted by the United Nations General Assembly (hereinafter, the UNGA) Resolution No A/RES/70/1 of 25 September 2015, within the aid recipient countries (hereinafter, Sustainable Development Goals).

4. Lithuania, while gradually increasing development aid, shall seek to ensure that in the long-term perspective, Lithuania's official development assistance is in line with Lithuania's international commitments (0.33% of Gross National Income by 2030).

5. Taking into consideration its financial resources allocated to development cooperation and accumulated development cooperation experience, Lithuania will seek to contribute to implementation of all Sustainable Development Goals in aid recipient countries, giving priority to the following sectoral areas of development cooperation (Sustainable Development Goals are formulated in line with the UNGA Resolution No A/RES/70/1 of 25 September):

5.1. end poverty in all its forms everywhere (Goal 1);

5.2. ensure inclusive and equitable quality education and promote lifelong learning opportunities for all (Goal 4);

5.3. achieve gender equality and empower all women and girls (Goal 5);

5.4. take urgent action to combat climate change and its impacts (Goal 13);

5.5. promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels (Goal 16);

5.6. strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development (Goal 17).

6. While implementing Sustainable Development Goals, Lithuania shall seek to apply the best practice accumulated by national and municipal authorities and bodies, non-governmental organisations, as well as businesses, and to share it with the developing countries seeking democracy, development of market economy, and integration into international structures. Sharing reforms experience will remain a key priority for Lithuania's bilateral development cooperation with partner countries.

7. The priority geographical areas of Lithuania's development cooperation are the region of Eastern Europe as well as countries of migration origin and transit. Attention to the region of Eastern Europe is determined by historic, economic, and cultural links to the countries of the region. Lithuania is familiar with the political system of the neighbouring Eastern countries as well as their economic, social, and cultural characteristics and specific issues.

8. In compliance with the objectives of the EU's Eastern Partnership policy and the Vilnius and Riga summit declarations, in consideration of accumulated experience in long standing relations with and donorship to the EU's Eastern Partnership countries, as well as taking into account the needs of these countries and Lithuania's comparative advantages in comparison to other donor countries, and seeking closer integration of these countries with the EU, Lithuania shall first of all provide bilateral assistance to the neighbouring countries that have signed association agreements with the EU (Ukraine, Georgia, and Moldova), including agreement parts on creation of deep and comprehensive free trade areas as well as implementation of these agreements and related reforms, and shall fully cooperate with them, while these countries seek closer integration with the EU. Lithuania shall seek enhanced visibility to the aid recipient countries.

9. Considering the needs of developing countries and its own foreign policy priorities and financial capabilities, Lithuania shall also provide assistance to other countries that are included in the list of aid recipients of the Organisation for Economic Co-operation and Development.

10. Lithuania shall continue to provide humanitarian aid in compliance with the principles of humanitarian aid, as laid down in the Law, and in response to requests for humanitarian aid, and announced international appeals. First of all humanitarian aid will be provided to save lives, alleviate suffering, preserve dignity in cases of natural and human-made disasters or remove after-effects thereof, as well as in situations likely to lead to wide-scale crisis, or directly affect Lithuania or the neighbouring region.

11. By implementing its development cooperation activities, Lithuania shall cooperate with the EU institutions, the UN, and other international organisations in order to coordinate global efforts to support developing countries. Lithuania shall contribute to the

efforts of the international community, by providing support on a multi-lateral basis via EU financial instruments and programmes, the UN, the World Bank Group and other international organizations, international financial institutions and funds implementing or coordinating development cooperation activities.

12. Lithuania shall further support activities to raise public awareness, especially among the youth, on the importance, goals, and advantages of development cooperation, encourage volunteering, inform about projects implemented by Lithuania and results thereof, as well as Lithuania's contribution to the activities of international development organisations and funds. The public shall be informed about the development cooperation policy pursued by the EU and other international organisations and funds, as well as opportunities for the Lithuanian entities to participate in implementation of their projects.

13. Lithuania shall encourage national and municipal authorities and bodies, nongovernmental organisations, as well as businesses to take a stronger involvement in bilateral, European, and international development cooperation projects aimed at exchanging best practices with foreign partners.

14. Lithuanian national and municipal authorities and bodies shall be further encouraged to take part in the projects of the EU's Twinning programme aimed at enhancing administrative and institutional capacities of partner countries. These activities shall be coordinated by the Ministry of Foreign Affairs of the Republic of Lithuania.

15. Ministries, bodies under the ministries, bodies within the remit of ministers, as well as other national and municipal authorities and bodies or organisations not involved in the implementation of the Plan, shall continue implementing activities of development cooperation, focusing on the development cooperation areas established in the Plan, while implementing relevant measures of their strategic, annual, or other planning documents.

16. Authorities implementing the measures of the Plan shall ensure the use of the logo "Lithuanian Development Cooperation" in publicising information regarding the implementation of the Plan measures. Minister of Foreign Affairs shall approve the logo.

17. Ministry of Foreign Affairs of the Republic of Lithuania shall coordinate implementation of the Plan.
